The Journal of Genetic Psychology, 151(4), 551–555

Index to Volume 151

This annual index is organized by first author and by title. Page numbers refer to the following issues:

Number 1 (March): 1–128
Number 2 (June): 129–276
Number 3(September): 277–414
Number 4 (December): 415–556

AUTHOR INDEX

Alberti, E. T., & Witryol, S. L. *Children's preference for complexity as a function of perceived units in collative motivation.* 91–101.

Austin, A. M. B., & Lindauer, S. L. K. *Parent-child conversation of more-liked and less-liked children.* 5–23.

Ballard, M., & Cummings, E. M. *Response to adults' angry behavior in children of alcoholic and nonalcoholic parents.* 195–209.

Barnett, M. A., Sinisi, C. S., Jaet, B. P., Bealer, R., Rodell, P., & Saunders, L. C. *Perceived gender differences in children's help-seeking.* 451–460.

Blades, M., & Spencer, C. *The development of 3- to 6-year-olds' map using ability: The relative importance of landmarks and map alignment.* 181–194.

Borduin, C. M., Mann, B. J., Cone, L., & Borduin, B. J. *Development of the concept of family in elementary school children.* 33–43.

Brachfeld-Child, S., & Schiavo, R. S. *Interactions of preschool and kindergarten friends and acquaintances.* 45–58.

Brook, J. S., Whiteman, M., Gordon, A. S., & Brook, D. W. *The role of older brothers in younger brothers' drug use viewed in the context of parent and peer influences.* 59–75.

Chiu, J.-P., P., & Nevius, J. *Three wishes of gifted and nongifted adolescents.* 133–138.

David, D. B., & Witryol, S. L. *Gender as a moderator variable in the relationship between an intrinsic motivation scale and short-term novelty in children.* 153–167.

Finley, G. E., Sharp, T., & Agramonte, R. *Recall and recognition memory for remotely acquired information in dementia patients.* 267–268.

Fraysse, J. C., & Desprels-Fraysse, A. *The influence of experiment attitude on the performance of children of different cognitive ability levels.* 169–179.

Geary, D. C., Klosterman, I., & Adrales, K. *Metamemory and academic achievement: Testing the validity of a group-administered metamemory battery.* 439–450.

Geis, J. A., & Klein, H. A. *The relationship of life satisfaction to life change among the elderly.* 269–271.

Greenwald, D. F. *Child functioning predictors of outcome among boys at risk for psychological disorder.* 139–151.

Johnson, H. L., Glassman, M. B., Fiks, K. B., & Rosen, T. S. *Resilient children: Individual differences in developmental outcome of children born to drug abusers.* 523–539.

Killen, M. *Children's evaluations of morality in the context of peer, teacher-child, and familial relations.* 395–410.

Kinney, A. *Disturbed children's and adolescents' comprehension of psychological mechanisms of defense.* 419–428.

Kreitler, S., & Zigler, E. *Motivational determinants of children's probability learning.* 301–316.

Laks, D. R., Beckwith, L., & Cohen, S. E. *Mothers' use of personal pronouns when talking with toddlers.* 25–32.

Lister, C., Leach, C., & Hill, J. *Sequence and structure in the concept development of children with emotional and behavioral difficulties.* 287–300.

Lohaus, A. *Response scales in development psychology: Empirical results of a comparative study.* 473–481.

Mellor, S. *How do only children differ from other children?* 221–230.

Mize, J., & Cox, R. A. *Social knowledge and social competence: Number and quality of strategies as predictors of peer behavior.* 117–127.

Mullis, R. L., & Mullis, A. K. *The effects of context on parent-child interactions.* 411–413.

Mwamwenda, T. S., & Mwamwenda, B. B. *Assessing Africans' cognitive development: Judgment versus judgment plus explanation.* 245–254.

Ohbuchi, K.-I., & Yamamoto, I. *The power strategies of Japanese children in interpersonal conflict: Effects of age, gender, and target.* 349–360.

Peterson, C. C., & Peterson, J. L. *Fight or flight: Factors influencing children's and adults' decisions to avoid or confront conflict.* 461–471.

Poulin-Dubois, D., & Schultz, T. R. *The infant's concept of agency: The distinction between social and nonsocial objects.* 77–90.

Priel, B., Assor, A., & Orr, E. *Self-evaluations of kindergarten children: Inaccurate or undifferentiated?* 377–394.

Priel, B., & Zeidman, O. *Infant social behavior in front of a mirror and in front of a familiar and an unfamiliar peer.* 483–493.

Reid, L. *Young children's difficulty with ambiguous messages: Guessing strategy or comprehension monitoring deficiency?* 317–328.

Rosenthal, D. A., & Feldman, S. S. *The acculturation of Chinese immigrants: Perceived effects on family functioning of length of residence in two cultural contexts.* 495–514.

Roy, L., & Sawyers, J. K. *Interpreting subtle inconsistency and consistency: A developmental-clinical perspective.* 515–521.

Slone, M., Tredoux, C., & Bokhorst, F. *The developmental progression of children's knowledge constructions for heating and cooling.* 255–266.

Staats, S., Atha, G., & Isham, J. *Variations in expected affect in young and middle-aged adults.* 429–438.

Sugawara, A. I., Koval, J. E., & Cate, R. M. *Sibling constellation and attitudes toward women among college students.* 541–549.

Tomlinson-Keasy, C., & Smith-Winberry, C. *Cognitive consequences of congenital deafness.* 103–115.

Walsh, A. *Illegitimacy, child abuse and neglect, and cognitive development.* 279–285.

Watkins, D., Regmi, M., & Alfon, M. *Antecedents of self-esteem of Nepalese and Filipino college students.* 341–347.

Werner, A. B., & Witryol, S. L. *Complexity discrimination as a determi-*

nant of children's preferences in collative motivation. 231–243.
Whiffen, V. E. *Maternal depressed mood and perceptions of child development.* 329–339.
Wilson, C. C., Piazza, C. C., & Nagle, R. *Investigation of the effect of consistent and inconsistent behavioral example upon children's donation behaviors.* 361–376.
Winefield, H. R., Goldney, R. D., Tiggemann, M., & Winefield, A. H. *Parental rearing behaviors: Stability of reports over time and relation to adult interpersonal skills.* 211–219.

TITLE INDEX

The acculturation of Chinese immigrants: Perceived effects on family functioning of length of residence in two cultural contexts. *Doreen A. Rosenthal & S. Shirley Feldman.* 495–514.
Antecedents of self-esteem of Nepalese and Filipino college students. *David Watkins, Murari Regmi, & Maria Alfon.* 341–347.
Assessing Africans' cognitive development: Judgment versus judgment plus explanation. *Tuntufye S. Mwamwenda & Bernadette B. Mwamwenda.* 245–254.
Child functioning predictors of outcome among boys at risk for psychological disorder. *Deborah F. Greenwald.* 139–151.
Children's evaluations of morality in the context of peer, teacher-child, and familial relations. *Melanie Killen.* 395–410.
Children's preference for complexity as a function of perceived units in collative motivation. *Eric T. Alberti & Sam L. Witryol.* 91–101.
Cognitive consequences of congenital deafness. *Carol Tomlinson-Keasy & Cheryl Smith-Winberry.* 103–115.
Complexity discrimination as a determinant of children's preferences in collative motivation. *Arlene B. Werner & Sam L. Witryol.* 231–243.
Development of the concept of family in elementary school children. *Charles M. Borduin, Barton J. Mann, Lynn Cone, and Beverly J. Borduin.* 33–43.
The development of 3- to 6-year olds' map using ability: The relative importance of landmarks and map alignment. *Mark Blades & Christopher Spencer.* 181–194.
The developmental progression of children's knowledge constructions for heating and cooling. *Michelle Slone, Colin Tredoux, & Frank Bokhorst.* 255–266.
Disturbed children's and adolescents' comprehension of psychological mechanism of defense. *Andrew Kinney.* 419–428.
The effects of context on parent-child interactions. *Ronald L. Mullis & Ann K. Mullis.* 411–413.
Fight or flight: Factors influencing children's and adults' decisions to avoid or confront conflict. *Candida C. Peterson & James L. Peterson.* 461–471.
Gender as a moderator variable in the relationship between an intrinsic motivation scale and short-term novelty in children. *Deanna B. David & Sam. L. Witryol.* 153–167.
How do only children differ from other children? *Steven Mellor.* 221–230.
Illegitimacy, child abuse and neglect, and cognitive development. Anthony Walsh. 279–285.
Infant social behavior in front of a mirror and in front of a familiar and an

unfamiliar peer. *Beatrice Priel & Ofra Zeidman.* 483–493.
The infant's concept of agency: The distinction between social and nonsocial objects. *Diane Poulin-Dubois & Thomas R. Shultz.* 77–90.
The influence of experiment attitude on the performance of children of different cognitive ability levels. *Jean Claude Fraysse & Annie Desprels-Fraysse.* 169–179.
Interactions of preschool and kindergarten friends and acquaintances. *Sheila Brachfeld-Child & R. Steven Schiavo.* 45–58.
Interpreting subtle inconsistency and consistency: *Leena Roy & Janet K. Sawyers.* 515–521.
Investigation of the effect of consistent and inconsistent behavioral example upon children's donation behaviors. *C. Chrisman Wilson, Cathleen C. Piazza, & Richard Nagle.* 361–376.
Maternal depressed mood and perceptions of child development. *Valerie E. Whiffen.* 332–339.
Metamemory and academic achievement: Testing the validity of a group-administered metamemory battery. *David C. Geary, Ilona Klosterman, & Katherine Adrales.* 439–450.
Mothers' use of personal pronouns when talking with toddlers. *Dan R. Laks, Leila Beckwith, & Sarale E. Cohen.* 25–32.
Motivational determinants of children's probability learning. *Caroline Lister, Chris Leach, & Joan Hill.* 287–300.
Parental rearing behaviors: Stability of reports over time and relation to adult interpersonal skills. *H. R. Winefield, R. D. Goldney, M. Tiggemann, & A. H. Winefield.* 211–219.
Parent-child conversation of more-liked and less-liked children. *Ann M. Berghout Austin & Shelly L. Knudsen Lindauer.* 5–23.
Perceived gender differences in children's help-seeking. *Mark A. Barnett, Christina S. Sinisi, Bernardine P. Jaet, Richard Bealer, Paula Rodell, and Lisabeth C. Saunders.* 451–460.
The power strategies of Japanese children to interpersonal conflict: Effects of age, gender, and target. *Ken-Ichi Ohbuchi & Ikuyo Yamamoto.* 349–360.
Recall and recognition memory for remotely acquired information in dementia patients. *Gordon E. Finley, Tilghman Sharp, & Regina Agramonte.* 267–268.
The relationship of life satisfaction to life change among the elderly. *Julie A. Geis & Helen Altman Klein.* 269–271.
Resilient children: Individual differences in developmental outcome of children born to drug abusers. *Helen L. Johnson, Marc B. Glassman, Kathleen B. Fiks, & Tove S. Rosen.* 523–539.
Response scales in development psychology: Empirical results of a comparative study. *Arnold Lohaus.* 473–481.
Response to adults' angry behavior in children of alcoholic and non-alcoholic parents. *Mary Ballard & E. Mark Cummings.* 195–209.
The role of older brothers in younger brothers' drug use viewed in the context of parent and peer influences. *Judith S. Brook, Martin Whiteman, Ann Scovell Gordon, & David W. Brook.* 59–75.
Self-evaluations of kindergarten children: Inaccurate or undifferentiated? *Beatrice Priel, Avi Assor, & Emda Orr.* 377–394.
Sequence and structure in the concept development of children with emotional and behavioral difficulties. *Caroline Lister, Chris Leach, & Joan Hill.* 287–300.
Sibling constellation and attitudes toward women among college students. *Alan I. Sugawara, James E. Koval, & Rodney M. Cate.* 541–549.
Social knowledge and social competence: Number and quality of strate-

gies as predictors of peer behavior. *Jacquelyn Mize & Rebecca A. Cox.* 117–127.
Three wishes of gifted and nongifted adolescents. *Jih-Perng P. Chiu & John Nevius.* 133–138.
Variations in expected affect in young and middle-aged adults. *Sara Staats, Gay Atha, & Jean Isham.* 429–438.
Young children's difficulty with ambiguous messages; Guessing strategy or comprehension monitoring deficiency? *Luc Reid.* 317–328.
